

STUDENT PATHWAY GUIDE

Know Your Path

Start. Plan. Progress. Graduate.

Every student starts in a different place. Use these four steps to understand where to begin, who can help, what to do next, and what to finish.

01

Start

Where do I begin?

Get oriented to registration, assessments, English level, transcripts, prior credits, placement, and your goals.

02

Plan

Who can help me get where I need to go?

Meet with your counselor and review the graduation plan, classes, credits, goals, and next priorities that apply to you.

03

Progress

What do I need to do next?

Keep attending class, completing coursework, earning credits, taking required assessments, and asking for help when needed.

04

Graduate

What do I need to finish?

Confirm remaining credits, coursework, pathway requirements, assessments, and any final graduation steps with your counselor.

Not sure what to do next?

That is okay. Start with the Path Check in the digital guide, or talk with your counselor or Highlands staff. They can help you understand the next step that fits your situation.

Your counselor + your official graduation plan = your source of truth.
